HONORING INDIGENOUS WOMEN AND GIRLS

COMMUNITY WELLNESS DAY

The North Okanagan Friendship Center Society is hosting a community gathering to commemorate the completion of the National Inquiry for Murdered and Missing Indigenous Women and Girls.

The report is complete and the healing is ongoing for those affected by the injustice and loss of their loved ones.

We invite the Indigenous community and all who have endured violence in their life to come to join us in honouring all Indigenous Woman and Girls and the diversity in our communities:

We will have a day to work toward healing, nurture and create a safe place to talk about violence, and to receive help and support.

We will be providing opportunities for self-care, social networking and talking about your experience and sharing your story for strength, hope, and resiliency.
